Brushes

Black Floor Drain Brush

Features tough polypropylene bristles and a nonabsorbent plastic block to help you fight bacterial contamination. The black bristles help sanitation personnel keep the brush segregated to avoid cross-contamination. Handles imprinted with "Use for Floor Drain Only" in English and Spanish. Only use with handles listed below (sold separately).

Potscrubber Gloves

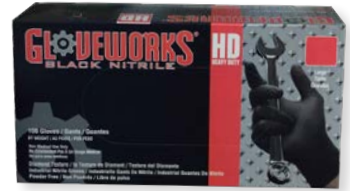

Heavy-duty, 16" long unlined latex gloves feature a raised diamond texture for excellent wet grip, and heat tolerance for serious work. Their 40 mil thickness and resistance to a broad range of chemicals makes them great for cleanup applications in the food processing plant. The rolled cuff provides extra protection by keeping drips from soaking your arms. Glove components comply with the provisions of the Federal Food, Drug, and Cosmetic Act which allows repeated use in direct contact with food. Black. 72 pair/case.

Portable Tank Foamers with Viton Seals

Applies a thick, soaking chemical foam which loosens at stubborn soils. Foam adheres well to vertical and horizontal surfaces making it ideal for drain cleaning. Drain foaming attachments (sold separately) are available for round or trench drains ensuring areas are sanitized that may be missed with other cleaning methods. Also available with Santoprene and Kalrez seals.
