SupplyRITE™ Inventory Solutions

Your trusted partner in inventory management solutions.

Wire Shelving Units

Standard Wire Shelving Units

Customize your space with a shelving system that allows you to choose the posts and shelves—creating a solution that is truly your own.

- Open wire design minimizes dust accumulation.
- Chrome plating with protective lacquer coating—for use in dry, low humidity environments.
- Post guides offer ease of assembly and adjustment of shelves.
- Additional finishes for corrosive, wet or high humidity environments; mobile posts, and casters available.

Inventory Solutions

The first step to an efficient inventory program is **identification and organization**—Nelson-Jameson understands the critical need to have the right products available when you need them. That's why we have developed custom managed inventory and ordering solutions built for the food industry. We will work with you to develop the program that best fits your needs by:

- Conducting inventory and **product consolidation and standardization** audits.
- Creating **suggested storage and organization programs**—including quotations and visuals.
- Focusing on your entire plant's needs and offering a more **inclusive program** that includes Direct and Indirect products.
- Developing a **custom program** that makes sense for your plant and achieves your unique goals.

To discuss your inventory and organization needs, please contact our SupplyRITE™ Inventory Solutions team at 800-826-8302 or supplyrite@nelsonjameson.com
